

Lansing — Kim Sigler, Michigan's ex-cowboy governor, now a one-term!

Elected two years ago on a reform crusade, Sigler, who had been a legislator, was elected to the governor's office on a platform of reform. He was elected on a platform of reform. He was elected on a platform of reform.

What happened then? Since Sigler and Ferguson carried Michigan and since a Republican legislature was elected, it has become painfully obvious that many candidates who voted for Sigler cannot be counted on for support.

As we see it, the election of G. Mennen Williams was not a man-made thing. It was the result of a social reform. It was the result of a social reform. It was the result of a social reform.

We recall a remark by Secretary of State Mr. Alger, Jr., at Lansing. Alger came to the capital city imbued with great ideas, as voiced by Sigler during the campaign. He was an opportunity for public service of the highest order.

Did Alger get an opportunity to become a member of an administrative team, as Harry Kelly had successfully developed during his four-year incumbency as governor? The answer is no. Sigler failed in this respect to effect a working partnership with his own state officials and with the legislature. This failure is the costly legacy which is remaining at Lansing. Sigler is not.

## Woman's Club

The first regular meeting of the Woman's Club was held November 1 at the home of Mrs. Carl Johnson with Mrs. Ernest Hoseli as co-hostess.

Mrs. John Peterson, the new president was installed by Mrs. Earl Burns, past president. Mrs. Alfred Sorenson, program chairman, announced her program for the year and then introduced Mr. F. L. Bond, who was to be voted on at the general election, November 2.

Mrs. Floyd Wylie won the door prize.

Refreshments were served. Mrs. John Brady poured.

The next meeting will be held at the home of Mrs. John Peterson, November 15, 1948.

## State Ferries Now On Hunting Schedule

The hunting season schedule of the Michigan State Ferries operating at the Straits of Mackinac between St. Ignace and Mackinaw City went into effect Sunday, November 7. Highway Commissioner Charles M. Ziegler announced.

In order to accommodate the deer hunters traffic across the Straits, four state ferries will operate night and day, departing as fast as they can unload and reload during peak periods. Under this schedule boats will be leaving from each city approximately every 30 minutes. The regular ferry fleet of four boats will be augmented by the railroad ferry Chief Wawatam during the peak periods.

During the deer hunter rush, cars with children or people who are ill and commercial vehicles carrying perishables will be allowed to board the state ferries without waiting in line.

The year 1947 was the biggest in the history of the Michigan State ferries, with a total of 501,100 vehicles carried across the Straits. Commissioner Ziegler predicts this record may be broken as early as mid-November this year.

Figures for the first ten months of 1948 show that a total of 480,634 have crossed the Straits, compared to last year's 10-month total of 435,180, an increase of 45,454 or 10.4 per cent. During this period there were 1,283,826 passengers carried across the Straits, compared to 1,184,422 in 1947.

Commissioner Ziegler said the hunting season schedule would remain in effect through November 30. The early winter schedule will begin December 1, with boats leaving every one and one-half hours, from 6 A. M. until 10:30 P. M.

## Lovells Plans Cemetery

The Lovells Township Board has had the Lovells Cemetery surveyed and replotted and plans are being laid for a landscape project to be started in the early spring, Ray Duby, township clerk said.

The Cemetery lots are divided into four and six grave plots and will be sold at \$10 and \$15 respectively, he said. A well has been sunk in the center of the cemetery and is enclosed by a rustic stone and wood structure, the work of Clerk Duby and Dewey Hannan.

The main entrance gate is built of stone pillars and arches. Part of the stone and all of the labor was donated by Paul Loeffler, Clerk Duby reported. Mr. Loeffler is a real artist when it comes to stone work as everyone knows who has inspected any of his work. The Township Board gratefully acknowledges the time and labor that Mr. Loeffler donated in beautifying the entrance to the cemetery.

Clerk Duby said that several lots had already been spoken for and added that in the not too far distant future Lovells expects to have a really beautiful cemetery, comparable to any in the county. He explained that monies taken from the sale of lots were being placed in a special township fund for future maintenance of the cemetery.

**Local C. A. P. Group Seeks Cadets**

The local Civilian Air Patrol Squadron, that is in the midst of formation, is on the lookout for some interested young men who could be signed up as cadets.

"Are there any red-blooded American boys who are interested in the security and safety of the U. S. A.?" If you are interested, see any cadet or senior member of the C. A. P., said a spokesman of the local squadron, who also pointed out that the C. A. P. is a branch of the United States Air Force. As such it will play a vital role in the National Defense program, he added.

Plans were made at the last meeting for the cadet program which will start at the next meeting. Nels Olson gave the C. A. P. a lift by registering his plane with the local squadron. A number of new members were enlisted last meeting. They were Harold Long, Nels Olson, Martin Kitchen and Robert Gohlack. Axel Peterson was elected as the squadron finance officer.

## 1948 Wave Grid Summary

6	Grayling-Boyer City	12
0	Grayling-Charlevoix	19
0	Grayling-Gaylord	18
13	Grayling-Mancelona	13
7	Grayling-East Jordan	13
7	Grayling-Harbor Springs	13
0	Grayling-Pellston	0

The only games which the Wave dropped were there was a difference of more than or equal to two touchdowns were the Charlevoix and Gaylord games. This proves that the Grayling defensive play was exceptionally good. The apparent lack was an excellent back who could run.

The passing attack was very good with a completion record of 10 out of a total of 16 attempts. Six aeriels were intercepted. This is a percentage of .430 which is very good for high school ball.

Bill Worden led the gain department, carrying the ball 41 times for a total of 193 yards for a mark of 4.7 yards per try. Claude Parkinson averaged 4 yards per try carrying the ball 47 times for 191 yards. Bob Rasmussen carried 66 times for 26 yards or 3.9 yards per try. Jack Trudeau carried 27 times for a total yardage of 48; 2.1 yards per try.

Coach Joe Bogart felt it was a good season in that the team did not lose at anytime and always came back fighting even though they were behind. That is the true test of good ball players, Coach Bogart said.

"Next year we are looking forward to an excellent season with a number of players back that should develop into a smooth running offense. We are going to miss the seniors, especially John Krage, Bob Lozon and Carl Hanson, but we hope and are confident that Floyd Horning, Jim Kitchen and Lee Nolan will come through," Coach Bogart said.

Those awarded varsity letters were: Seniors, John Krage, Bob Lozon, Carl Hanson, Claude Parkinson, Axel Peterson, and Tom Anthony; Juniors, Victor Papendick, Jim Feldhausen, Jackie Miller, Terry Nielsen, Jack Trudeau, Bob Rasmussen, Jim Kitchen, Max Niederer and Floyd Horning; Sophomores, Bill Worden, Elery Horning and Lee Nolan. Awards of monograms were made to Sophomores, John Goss, Bob Sunday, Don Anthony, Sanford Low and Dick Sanders; Freshmen Jerry Baker, Dave Hanson, Earl Jensen, Rex Hunter, Bill Rankin and Doug Welch. Jim Selesky received a manager award.

The annual football banquet will be held December 7 with Kip Taylor as a guest speaker. He is end coach at Michigan State College. Before coming to State, he was Biggie Munn's assistant at Syracuse and before was football coach at Ann Arbor High School. Taylor has developed such outstanding ends as Warren Huey, Hank Mink, Ed Sobczek and John Gilman.

## Set EMTA Winter Council Meeting

President Wynne Steuermol, of the East Michigan Winter Sports Council, announced that the Council will hold its next noonday luncheon meeting in the Welcome Hotel at Oscoda, November 10. At this meeting chairman of the council's advertising committee, Frank Catto, of Alpena, will present the committee's recommendations as to the expenditures for advertising and promotion of the council's tentative budget.

Harold Gould of East Tawas, first vice president of the Winter Sports Council, has planned a special program for this meeting. Steuermol stated that he hoped to have the various winter carnival and events dates set at this meeting and to complete the list of Council directors for the communities participating in this winter program. Steuermol also announced that to date, the following directors had been appointed to serve on the Council and also act as chairman of their respective communities: Gilbert Leppelmeier, of Bay City; co-directors Frank Mannion and William Palmer of Saginaw; Joseph Thorner, of Standish; Rolla Failing, Grayling; Frank Catto, Alpena; Stanley Humphrey, Silver Valley; Percy Duchane, Oscoda; and Esther Diebold, of West Branch.

## Reveal 1948 Christmas Seal

The age-old attempt of children to catch a glimpse of Santa on Christmas Eve inspired the picture for the 1948 Christmas Seal which will be arriving in thousands of homes throughout Crawford County in late November, according to Theodore J. Werle, executive secretary, Michigan Tuberculosis Association.

This year's seal features a small blond haired boy in red flannel pajamas, sitting on the floor, hands clasped about his knees.

## Final Rites Read For Mrs. Phil Moran

Final rites were read on Friday, November 5, at 2 P. M. in the Memorial Church for Elizabeth Gertrude Moran, who passed away November 2nd. Mrs. Moran, who was 70 years old had been in ill health for some time. Rev. Kuhn officiated at the services and Mrs. C. G. Clippert provided special music. Pallbearers were A. J. Joseph, Holger Hanson, Arnold Burrows, James McDonald, Ernest Larson and George Hilton. Interment was in Elmwood Cemetery.

Mrs. Moran was born Elizabeth Burges in New Brunswick, Canada, April 10, 1878. She lived in Edenville until the time of her marriage on July 7, 1901 to Philip Moran in Frederic, Michigan. The couple resided in Frederic until 1907, at which time they moved to Grayling. Mrs. Moran had two children, Helen and Charlie, both of whom preceded her in death. She was an active member of the Ladies Aid of Michelson Memorial church, a member of the M. M. Churest and Order of Eastern Star. She was well beloved and respected by all who knew her.

Surviving besides Mr. Moran are two sisters and two brothers.

## ARMISTICE DAY

Thirty years ago today the "Great War" commenced and World War I. And on that day we honored those who had fallen in the service of our country. Today, added to that honor roll are those who gave their lives in the second great world conflict. It is not enough this Armistice Day to honor the brave dead of two wars by bowing our heads in prayer. Only by each of us working unceasingly to prevent another war—working to build on everlasting peace—can we pay them deserving tribute.

## DRIVER-EASTON VOWS EXCHANGED

Mrs. Dorothy Driver of Milford and Carl Easton were united in marriage at Michelson Memorial Church on Sunday, October 31 at 12 o'clock noon. Rev. R. C. Puffer officiated. Mr. and Mrs. Arthur Crouch were attendants. Mr. and Mrs. Charles Coon attended the rites.

A wedding dinner was served at the Easton cottage following the wedding by Mrs. Bert Easton, the groom's mother. Mr. and Mrs. Klienfelt were guests.

## Expert Cites Poll Mistakes

Ann Arbor—It was the failure of the commercial poll takers to solve two problems of sampling and interviewing techniques that brought about the failure to predict the victory of Harry S. Truman in Tuesday's election.

That's the belief of Dr. Angus Campbell, assistant director of the Survey Research Center at the University of Michigan. He traced the faulty predicting to: (1) use of quota sampling instead of a random selection method, and (2) the failure to develop a tested method for determining the turnout of voters.

"The quota sampling used by the commercial polls has been under attack by students of survey techniques for the very reasons that have caused its failure now," Dr. Campbell said. "The principal problem is that the quota system is not a random method of choosing people to be interviewed."

He explained that under the quota system an interviewer picks out the people to be interviewed according to quotas set up by the central office. The central office sets up these quotas according to census figures with such characteristics as age, sex, race and sometimes economic class.

"It has been demonstrated that this procedure permits the introduction of bias toward the higher income middle class groups," Dr. Campbell asserted, adding that he suspected this is part of what happened in the 1948 election.

He emphasized that there are methods more expensive than rule out bias but that these methods were more expensive and generally are not used by the commercial polls. In random selection, the pollster has no choice of the persons to be interviewed, such choice being determined by the central office. Checks on data obtained by the two methods have repeatedly shown that the random selection technique is the more accurate, Dr. Campbell asserted.

He said he knew of no reliable method available at present to solve the problem of determining the turnout of voters, and he believes continued experimentation will be necessary to develop accurate procedures.

## Grayling Cagers Split Games

The Grayling Independent Basketball team split a win and a loss in their first two games in the Mid-State Basketball League. The team opened their season at West Branch last week Wednesday and dropped the decision, 44-43. Their opening home game was with Pinconning Tuesday, night which Grayling won, 38-31.

The squad resplendent in new uniforms of black with white letters and numerals lost no time Tuesday night in rolling up an advantage. At the end of the first quarter Grayling led the visitors by a 15 to 11 count. They were never headed after this start as they built a lead of 25 to 14. The score at the end of the third canto was 26 to 22.

Sandy Thompson led the scoring parade with 8 field goals and 4 free throws for a 10 point total. Ed Smith and Ross Thompson each accounted for 9 points with Ross Giegling adding 6 and Carl Nielson 2. Mike Mathewson, Pat Harwood and Whitey Madsen all saw action. Bruce Smith and Joe Bogart, two of the team's mainstays were absent attending a Northern "C" Conference meeting at Gaylord.

At West Branch, Grayling also grabbed a first quarter lead 12 to 10 but were 2 points behind at halftime, 20 to 18. The third quarter was a bad one for Grayling as the West Branch Refiners piled up a big lead. Grayling drove back in the last period to emerge 43 to 42 leaders with 9 seconds to go. A personal foul which gave Grayling 2 free throws was called on West Branch and a technical was called on Grayling which gave the Refiners a free throw. All three gift shots were missed, but West Branch wound up in possession of the ball out of bounds. In a desperation shot they sought to take the lead 44 to 43. Grayling had time for one more shot but it was missed. Bruce Smith led Grayling with 20 points with Joe Bogart contributing 25 for 10. The West Branch pivot man led the visitors with 17 points.

## SCHOOL HOLDS OPEN HOUSE

Dear Parents: This week, National Education Week gives us the opportunity to hold open house for the community at the Grayling Public Schools, Wednesday evening, November 10, 1948.

From 7:30 to 8:30 that evening teachers will be in their home rooms to discuss student progress and accomplishment and other phases of school activity in which you may be interested. At 8:30 movies will be shown and refreshments will be served in the Home Economics room immediately thereafter.

Close co-operation between parent and teacher is a highly important factor in the development and education of the child. We sincerely hope that you will accept our invitation to visit the school during open house.

Very truly yours,  
Faculty-Student Committee for National Education Week.

## Plans Made For Two Flying Clubs

Plans are being put into action for the formation of two flying clubs in Grayling. One is to be made up of those learning to fly and the other of licensed pilots.

The membership fee will naturally be dependent upon the number joining each club but is expected to be around \$100. For this fee, the member will own a part share in an airplane and will have the advantage of learning to fly at a much reduced rate. Also after learning to fly and acquiring a license, the member will have an opportunity to fly the club plane most anywhere that he wishes.

A meeting for the formation of the club is expected to be held at the Grayling Air Service offices at the Grayling McNamara Airport on Friday, November 12. More about the scheduled meeting will be published in next week's issue.

## Deer Season Opens Monday; Fall Parade Already Begun

### Michigan's Main Street Heavy With Traffic

Although the 1948 Michigan deer season opens Monday, Michigan's Main Street, US-27, is already carrying heavy northbound traffic.

This weekend, although expected not to be as busy as next, will be a big one for the Merchants of Grayling as well as most other Northern Michigan communities. Many cars are hauling trailers piled high with camping and hunting equipment, hurrying to get camp set up and the routine smoothed out—so Monday morning will be free for hunting only.

Grayling County expects as heavy an influx of deer hunters as usual. The average deer hunter population in the county runs between 9,500 and 10,000. Hopes are high that injuries from this hunting season will follow last year's pattern which was extremely light in this area.

Hunters are assured of better than average success in bagging their buck in the county as deer populations have held more or less stable even in view of the starvation areas along the rivers and in and near the Hanson Game Refuge.

The Grayling Teachers Club already have set aside the night of November 19 (next Friday) for their annual Hunter's Ball and the Grayling Sportsmen's Club is hard at work on plans for its First Annual Gun Hunter's Jamboree which will take place at the Grayling Winter Sports Park later in the season. The Jamboree will be held along lines similar to the Bow Hunter's Jamboree with

LOADED GUN, RACING CAR, SUDDEN BUMP, GATES AJAR. MICHIGAN DEPARTMENT OF CONSERVATION

shooting for prizes, entertainment and a grand time promised for all who attend.

The deer hunter who bases in Crawford County should have a fine 1948 season. He has a better than average chance of picking off his buck and there are two specially planned events for his entertainment as well as many other places to spend his evenings. There he can have a swell time. Grayling offers a diversified plan of entertainment each night so that any hunter can find something to do that suits his mood and usual pattern of enjoying himself.

## Local Plant Inventorying

The Dore Manufacturing Company, Inc. of Grayling has closed its doors for business for a complete inventory and reorganization, acting President James Hodgson has announced.

"It is the intent to reorganize and continue the production of our present products and expand," President Hodgson said. "Plans are going forward as rapidly as possible to reopen," he added.

Mr. Hodgson was named as acting president by the stockholders of the corporation at a meeting on November 1, when former corporation President Maurice Dore tendered his resignation to the board.

## Red Cross Elects Officers

At an annual Red Cross meeting held at the Nurses Home Monday, Miss Thelma Carter, field representative was present.

The following officers were elected: County chairman, Mrs. C. E. Clippert, first vice chairman, Mrs. Jappie Smith, second vice chairman, Mrs. George Griffith, and secretary and treasurer, Mrs. Leo Jorgensen. Mrs. A. J. Joseph was appointed honorary chairman in recognition of her many years of service for the chapter. Directors were appointed but had not as yet been notified.

Several phases of the chapter activity were discussed and plans for the March roll call made. William Joseph has accepted the roll call chairmanship.

Refreshments were served by Mrs. Van Smith and Mrs. Clayton Strahly as representatives of the M. M. Church Junior Aid.

## Kiwanis Club Notes

Movies of nearly all of the Grayling-Harbor Springs football game and many sequences of the Charlevoix-Grayling game besides the half and full length practice scenes were enjoyed by members of the Kiwanis Club of Grayling Monday night at their regular meeting.

The movies, termed "strictly amateur" by the cameramen, were taken by Grayling's new coaches, Joe Bogart and Bruce Smith with Joe Bogart and Bruce Smith who carried on a commentary during the showing of the reels. Richard Dawson operated the projection machine.

It was announced that the club would skip their meeting next Monday due to the opening of the deer season. The club will meet again at the Lone Pine Inn on Monday evening, November 22, at 6:15 P. M.

## Memorial Service 11 A. M. Today

Armistice Day Memorial Service will be held this morning (Thursday) at 11 A. M. at the Michelson Memorial Church under the sponsorship of the Grayling American Legion Post 10. Grayling Legion Post that a sufficient number attend as they wish to make a yearly program of the service. It is the intent to rotate the service from church to church within the city from year to year.

The memorial will be a non-sectarian service and everyone of the community is invited to attend.

**CHRISTMAS TOY PREVIEW** . . . A few days ago at the American Toy Institute Santa Claus opened his big sack to give young America a peek at the good things he has in store for the coming Christmas. Above are two striking samples of what may pop out of the stocking on the morning of December 25. Sandra Lake teams up with a doll that blows bubbles, has washable hair and goes vocal when her tummy is pressed. Jane Fraser marvels over a hen that lays miniature eggs, brags about it with loud cackles and struts like a real hen.

## Council Proceedings

November 1, 1948.  
Regular meeting.  
Councilmen present: Gothro, Tufts, Roberts, Burke, Hayes, Attorney Moore.

**Gaylord P. C. A. Stockholders Elect 2 Directors**

The fourteenth annual meeting of the stockholders of the Gaylord Production Credit Association was held at the V. F. W. Hall on November 5th.

Stockholders from the ten northern counties attended this meeting.

George Susens, president of the Production Credit Corporation of St. Paul, spoke to the members.

He brought out the fine financial position of the association and explained the importance of the farmers' owning their own Production Credit Association.

Bernard Hubbard, fieldman of the Production Credit Corporation, and son of Robert Hubbard of Afton, spoke a few words regarding the changes in agriculture since the organization of the association 15 years ago.

The most important event of the meeting was the election of two directors—Ed Hart of the Evening and Albert Kassauba of Gaylord. These directors were elected for a term of three years.

Other business of the day consisted of reports by the President, Arnold W. Ostrander and A. J. Townsend, secretary-treasurer. Excellent entertainment was furnished by Earle Parchman of Williamston.

A very nice lunch was served at noon by the V. F. W. Ladies Auxiliary and prizes were awarded during the meeting.

**New Deal To Return?**

The terrific upset pulled off last Tuesday by President Harry S. Truman and the Democratic Party still has political circles agog. Marked as a sure defeated candidate since the Democratic Convention, President Truman even fooled most of his party members by his strong showing.

The stock market immediately took a downward trend which is distinctly not a good sign from the business side of things. Most prognosticators expect a return to New Deal policies with real vigor in socialized thought at Washington.

Among the things predicted are: Repeal of the Taft-Hartley act; increased income tax, both for individual and corporations; increased social security deductions and payments; food rationing, price control, socialized medicine and the possibility of socialization of some heavy industry.

The first reaction that can be expected from big business will be a slowing up and retrenchment program in the face of expanding union activities and the bigger bites of federal taxes on profits.

In this democratic country of ours, the majority must always rule and so it will be. However, the New Deal party with a whip hand in both the administrative and legislative branches of our government must still deal with the judiciary. We predict that the United States Supreme Court, holding the balance of power, will get in the hair of the New Dealers more than once during the next four years—R. W. S.

**To Dunk or  
Not To Dunk?**

Dunking doughnuts is Sober Hopkins' favorite morning pastime... and for a long time Ma Hopkins has been trying to break him of the habit. Feels it sets a bad example for the children.

So one morning she puts a heavy frosting of chocolate on the doughnuts... figuring that will stop him. Sober thinks it over for a while and then: Dunk! Taste? Smile! And Sober compliments the missus on the lovely mocha flavor!

I guess there'll always be two schools of thought: to dunk or not

to dunk. But from where I sit, it's a matter of personal choice and taste—like some folks prefer beer to cider, ale to beer. And the less we criticize those differences of taste, the better.

In fact, Ma Hopkins got so curious about the flavor of chocolate-covered doughnuts dunked in coffee, that she tried it herself. Now—you've guessed it—she's a daily dunker, too!

Program Subject To Change

THE NEW JEEPSTER is Willys-Overland's latest—a distinctive sports phaeton with fleet performance that makes each trip a driving thrill. The Jeepster weighs less than any other standard-size car... rolls up record-breaking gas mileage... rides with road-boggling smoothness.

**WILLYS-OVERLAND BLAZES THE TRAIL WITH  
SEVEN PIONEERING CARS AND TRUCKS**

THE 'JEEP' STATION SEDAN is a perfect family car, with the luxury and comfort of a sedan plus the spaciousness of its all-steel station-wagon body.

THE 'JEEP' PANEL DELIVERY offers smart appearance together with low operating costs, thanks to low weight and the 'Jeep' Engine.

The first station wagon with all-steel body and top—the 'Jeep' Station Wagon—showed the way to wider practical usefulness and greater safety.

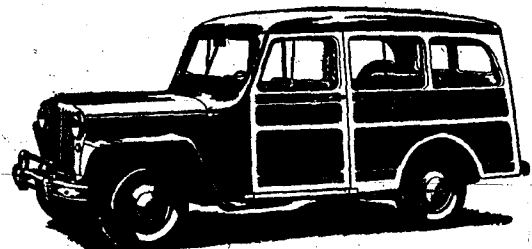

The 4-wheel-drive 'Jeep' Truck is the first volume-produced vehicle of its kind—designed for off-road duty, for tough grades and bad roads.

The Universal 'Jeep' is the first all-purpose farm vehicle built for use both in tractor work and for hauling or towing at highway speeds.

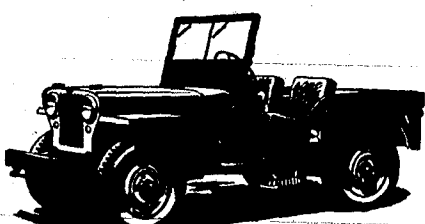

The new Jeepster is America's lowest-weight standard-size car—distinctive in appearance, far ahead in economy.

The 'Jeep' Station Sedan is an entirely new type of car, combining sedan comfort with station-wagon spaciousness.

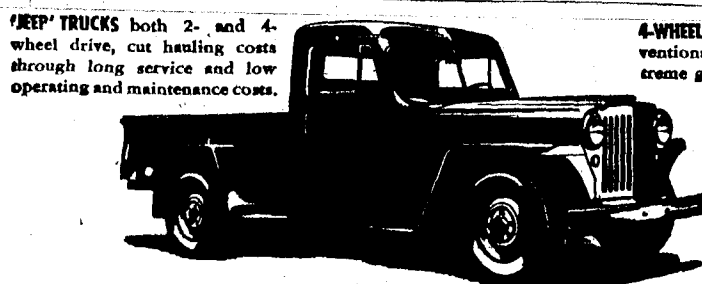

This pioneering by Willys-Overland—fitting cars and trucks to actual needs—has brought world-wide success to these more useful, more economical vehicles. We invite you to see how fully Willys-Overland's postwar products meet your transportation and hauling needs.

THE 'JEEP' STATION WAGON, with all-steel body and top, is dual-purpose—a smooth-riding passenger car and a practical vehicle for hauling.

THE UNIVERSAL 'JEEP' is America's most versatile vehicle for farm and industry, serving as tractor, mobile power unit and for hauling.

'JEEP' TRUCKS both 2- and 4-wheel drive, cut hauling costs through long service and low operating and maintenance costs.

4-WHEEL-DRIVE 'JEEP' TRUCKS outperform conventional trucks on cross-country hauling, extreme grades, through mud, sand and snow.

Now that the election is over, the state capital is again giving attention to proposed streamlining and reorganizing of state government.

The reform movement of Governor Kim Sigler, rebuffed in part at the 1948 special session of the state legislature, can now proceed piece by piece, toward its objective.

Here are some of the new "pieces" to be fitted into the re-

"Barber says he has to give his expenses a close shave to make any profit these days."

form jig-saw pattern:

Merger of all labor agencies into a new "state department of labor and industrial relations" to be headed by a single commissioner appointed by the governor. A subcommittee of the governor's legislative committee on government reorganization held a hearing at Lansing. It seemed that nearly all agencies involved were cool to the plan, to say the least.

The merger would consolidate the following units: State labor mediation board, state department of labor, unemployment compensation commission, state employment service, unemployment compensation appeal board, workmen's compensation commission, and superintendent of employment agencies.

While the commissioner would be subject to appointment by the governor, a six-member state advisory committee is suggested to offer counsel. This group, too, would be subject to wishes of the governor.

Removal of the office of state superintendent of public instruction from the state board has been recommended by a citizen's committee. The committee was formed at the request of Governor Sigler.

A state board of education would be established in place of the present board. The board, in turn, would select and appoint the superintendent of public instruction. This change would require adoption of an amendment to the state constitution. Supporting the change are Dr. Alexander Ruthven of the University of Michigan and Dr. John A. Hanna of Michigan State College.

Here is another prospective amendment for Michigan's 1909 constitution:

Miscellaneous: Student enrollment at Michigan State College has exceeded the 16,000 mark. The Michigan Society of Architects is making a survey of the 17-room Orlando M. Barnes residence at Lansing, offered to the State of Michigan at \$1 annual rental for the governor's home. . . . The building will have to be remodelled.

The new state department of economic development, created by Governor's Sigler, projects has become the target of Loren B. Miller, director of Detroit bureau of governmental research. Miller recommends that the department be abolished by the legislature because of its "starry-eyed and unrealistic" program.

John A. Perkins, state controller, estimates it costs the state 50 cents to dispatch a letter. This sum includes the cost of letterhead, envelope, clerical labor and postage. Postage and cartage charges totaled \$1,478,000 last year.

Sixty Michigan communities are permitting industrial cyanide to be discharged into rivers and streams, according to the state stream control commission. Legislative prohibition has been suggested as a solution. It has been estimated that 200,000 fish were killed in the Kalamazoo River by cyanide released by the Union Steel Products Company of Albion. The state conservation department has filed civil suits.

The 1949 auto-license plates will go on sale Jan. 1, it is announced by Secretary of State Fred M. Alger, Jr. The Michigan Good Roads Federation proposed that the new plates be withheld until the legislature can consider increase of the weight tax. Alger says he must follow the law which calls for license sale by Jan. 1.

## SHORT STORY

**Nancy,  
Don't Fret**

By  
ELLIS K. BALDWIN

I HAD just put little Caroline to bed, hoping she'd sleep through until morning when shuffling down the sidewalk came Gus Olsen. I saw him before my young doctor-husband did. Gus was the first half of a patent medicine testimonial before the great transformation. His face resembled a cathedral gargyle. His stomach ailment was known all over town, still he swore he would never go to a doctor. "Not one of them would be able to help me," he boasted.

When Gus retired from the railroad he took up his post on his porch, halting every passerby to discuss his symptoms.

Panicky, I realized if Charlie should prescribe something that didn't cure, Gus with his porch lectures would spoil the doctor's chances for building a practice.

"Charlie," I said breathlessly "I'll tell him you have an emergency. Go out and fetch up Dinah." I'd

stopped counting the times Charlie harnessed the horse to roll out of the yard like he was headed for a fire. "It's exciting for the neighborhood kids," Charlie would chuckle. It didn't mean a thing. The doctor was just putting on an act. Half an hour later you'd hear the crunch of the wheels on the driveway.

Charlie was saying, "I'm fed up with whirling dizzy rides. Balder, the neighbors are starting to wonder where I go."

GUS was walking slowly, hunched over, hand on his stomach. I found myself clinging to Charlie's hand like a drowning woman.

"Let go of me, darling," the doctor said almost angrily. "I must greet our new patient."

I whispered desperately, "Darling, you just can't face this old gossip."

Suddenly the doctor was calling out, "Good evening, Mr. Olsen. Won't you come in?"

It took Gus a long time to tell his story. I heard the doctor clear his throat a number of times while he let Gus recite his history. Then Charlie began using those long technical terms he'd been boning up on these nights when he held office hours and no one came in. "All of a sudden, I heard Gus shout angrily, 'Listen here, Doc, you can't tell me that.' Goose pimples popped out on my arms. Charlie couldn't afford to get Gus down on him.

Then Charlie's voice droned on

seemingly unperturbed by Gus' shouting. From where I sat I couldn't make out what he was saying. It seemed hours before the office door swung open.

"You're kind of young," Gus was

"You've got me flabbergasted," Gus said.

to have helped me. Figured you telling the doctor. "Nothing seems couldn't put me through any more agony but what you've just said has got me flabbergasted."

Gus moved off into the night. The doctor didn't say anything. I stood it as long as I could. "Charlie, what did you give him?"

"It's a tough case," the doctor grunted, employing the deep bass notes he was learning to use.

"Absolutely nothing. If you must know, I told him he was a hypochondriac. Told him there was absolutely nothing wrong with him but if he didn't stop gushing himself with all these patent medicines he shortly would turn into a medicine bottle."

BUT all that was years ago. Now the impatient honking of a motor horn brought me tobogganing back down the years. Out at the curb was Caroline, a grown woman now, ready to drive her father down to his office in the medical building. The office would be jammed because Gus Olsen, rocking steadily on his porch during the years, repeated proudly again and again to his passing friends, "I'm a hypochondriac, yes sir, a hypochondriac."

Invariably he'd add, "If you got any bad symptoms and you want to know quickly what they are, there's a young doctor down the street..."
